How to Get Rid

of Catarrh

A Simple, Safe, Reliable Way

and It Costs Nothing to Try.

Those who suffer from catarrh know its misery. There is no need of this suffering. You can get rid of it by a simple, safe, inexpensive home treatment, discovered by Dr. Blosser, who for over thirty-five years has been treating catarrh successfully.

His treatment is unlike any other. It is not a spray, douche, saline, cream or inhaler, but is a more direct and thorough treatment than any of these.

It cleans out the head, nose, throat and lungs so that you can again breathe freely and sleep without that stopped-up feeling that all catarrh sufferers have. It heals the diseased mucous membranes and arrests the constant discharge, so that you will not spit, and at the same time it does not poison the system and ruin the stomach, as internal medicines do.

If you want to test this treatment without cost, send your address to Dr. J. W. Blosser, 216 Walton Street, Atlanta, Ga., and he will send you by return mail enough of the medicine to satisfy you that it is all he claims for it as a remedy for catarrh, ear, nasal discharges, catarrh of the chest, asthma, bronchitis, colds and all catarrhal complications. He will also send you free an illustrated booklet. Write him immediately.

ALICE M. BLECH, LURED BY CUPID FROM MRS. TAFT

CUPID TO ROB MRS. TAFT OF AMANUENSIS

WASHINGTON, Oct. 2.—Once again Washington official society is on the stir, for the very latest rumor is that Miss Alice M. Blech, secretary to Mrs. Taft, will soon resign her position to assume that of the wife of Richard Wolskargis, the son of Admiral Walswright. Ever since last Winter season has been busy in propagating Miss Blech's engagement. The couple have been almost constantly together.

Perhaps never before has the secretary to the wife of the President been so adverse to public notice as Miss Blech. When it was discovered that Mrs. Taft, following Mrs. Roosevelt's example, had chosen her amanuensis from the State Department there was a great time and would soon have it were possible to secure one.

Somewhat the impression has gone forth that Mrs. Taft's secretary is unattractive and of middle age. On the contrary, Miss Blech is most attractive looking and is in the early thirties. She has smooth brown hair and always wears neutral shades of attire, which carries it into a beautiful contrast.

Miss Blech has mastered seven languages. Probably the one thing which attracted Mrs. Taft to her was the fact that she was fond of the young woman was a thorough gambler, having won much of the hard money circles.

CHINAMAN WARNS

MISSIONARY PAIR

OLANGET, Oct. 2.—On the eve of the departure of Mrs. and Mrs. F. H. Kellogg for the Foo Chow Mission in China, Charlie Gooch, an Americanized Chinese, headmaster of No. 26 South Main street, declares that it is foolish for white men and pretty American girls to try and save his people.

"It is a very foolish idea to send white men and pretty American girls to China," says Gooch. "My people, and especially those in the Foo Chow district, are very superstitious. They can nothing for your religion, but we like the pretty American girls. If you should send only such girls, they would be very popular."

Mr. and Mrs. Kellogg, who were married in August, leave for China in October.

EXPECT BITTER WAR IN SCIENCE CHURCH TO AID MRS. STETSON

NEW YORK, Oct. 2.—No statement could be obtained early today from Mrs. Auguste E. Stetson regarding the revelation of her position to teach and practice Christian Science, to Mrs. Mary Baker Eddy, but it is considered that because of her extensive influence and power and the fact that she was looked upon as the logical successor of the founder of the cult, Mrs. Mary Baker Eddy, a host of friends and Christian Scientists will form around her and start the "new light" controversy that the organization has as yet encountered.

MRS. EDDY OUSTS WOMAN LEADER OF SCIENCE CHURCH

Alfred Parlow, chairman of the publicity committee of the Christian Science church of this city, announced today that Mrs. Auguste E. Stetson, the dominant influence in the First Church of Christ Scientists of New York, and next to Mrs. Eddy the most prominent woman in the organization, has been read out of the church by order of Mrs. Mary Baker Eddy.

"I have read the dispatch carefully and have made diligent inquiry from the authorities of the church, and have found the statement given out by Mr. Cox, head of the investigation board, as it appeared in the press, to be correct in every detail," said Mr. Parlow.

When Mr. Parlow was asked what further remarks he had to make on the subject, he replied, "None whatever, as I find that Mr. Cox has covered the whole ground."

In reply to a question as to how Christian Science would accept this action, he replied, "It is to be hoped that it will receive it in a Christian manner and treat it accordingly."

The action follows an exhaustive inquiry by the directors of the mother church in Boston into Mrs. Stetson's methods of teaching and practicing Christian Science. It comes as a great surprise and not to the friends of Mrs. Stetson in New York, but also to members of the church here. The inquiry was conducted with great secrecy.

Findings Against Woman.
The action of Mrs. Eddy is the result of the report of the directors of the mother church, who after hearing twenty-five witnesses who had been students of Mrs. Stetson, unanimously decided as follows:

"That Mrs. Stetson teaches her pupils, as those with whom she has been teaching have testified, to believe that she is a saint, the only being in the universe who is not subject to the laws of nature, and to regard the other members of the mother church as inferior to her."

"That a considerable number of the witnesses whose testimony the directors have heard exhibit as Mrs. Stetson's pupils, a sincere and genuine faith in her teachings, and a willingness to follow her lead in the practice of Christian Science."

"That Mrs. Stetson endeavored to exert a control over her students which was not in accordance with the teachings of Christian Science, and that she was guilty of the same offense as Mrs. Eddy in the case of the 'new light' controversy."

"That Mrs. Stetson practiced and taught the same system of healing as Mrs. Eddy, and that she was guilty of the same offense as Mrs. Eddy in the case of the 'new light' controversy."

BOSTON AMERICAN

80 AND 82 SUMMER ST., BOSTON, OCTOBER 2, 1909

The Really GREAT ISSUE
In The Present Campaign

The ticket nominated by the Democratic State Convention should have the earnest support of every voter in Massachusetts who believes in better government. James H. Vahey, the candidate for Governor, is well and favorably known. Eugene N. Fox, the candidate for Lieutenant-Governor, is a man of high reputation. Harvey N. Shepard, the candidate for Attorney General, is a lawyer of force and brilliancy.

The platform, one of the briefest ever presented to a convention, is virile, comprehensive and without ambiguity. IT IS STRONG ENOUGH TO CARRY THE CANDIDATES TO VICTORY.

The American hopes the Democratic State ticket will be elected. If that can be accomplished it will be a long step forward in the battle for HOME RULE GOVERNMENT in Boston.

There is no hope of improvement in either State or municipal government so long as the Lodge machine is in control. It is a purely selfish and mercenary machine that has ROBBERED THE PEOPLE of the cities of the right to govern themselves, and obliterated every vestige of the principle of home rule.

Mr. Vahey has a splendid opportunity to lead the fight for home rule for the municipalities. It is the big issue.

THE PEOPLE MUST BE ALLOWED TO GOVERN THEMSELVES.

While the people of Boston are very vitally interested in the election of a Democratic Governor, the paramount and over-shadowing issue in this city is the effort to RESTORE THE POLICE DEPARTMENT to a basis of law and order and take it away from the grasp of one misguided individual.

The REAL ISSUE in Boston is not, as many well-informed men of both parties seem to think, the defeat of either Plan One or Plan Two. The new charter is a HOPELESS Hodgepodge that would have been overwhelmingly defeated if the people who are governed under it had had the privilege of voting upon it.

This new charter was drawn solely to strengthen and perpetuate the Lodge machine. It should never have been enacted into law. It is not nearly as good as the charter it displaced.

Whether Plan One or Plan Two is carried at the polls is of no importance whatever. Both plans are hopelessly bad. If the people had the power to vote both plans would be defeated.

And whichever plan carries, if found to work to the disadvantage of the Lodge machine, it will be amended to suit the bosses. Unfortunately for the voters they must vote for either Plan One or Plan Two, or not vote at all. They are bound and gagged by Lodge's order without the privilege even of making a protest.

The next Mayor of Boston, no matter how able he may be and how well-informed, will be little more than a clerk under the Lodge machine. No matter what ideas he may have for the betterment of the city, no matter how indefatigable he may work, he can accomplish nothing.

HE WILL HAVE NO MORE POWER AS MAYOR OVER THE POLICE FORCE THAN ANY OTHER INDIVIDUAL.

And yet O'Meara's police System is THE ONE BIG AND VITAL ISSUE that the candidates for Governor and Mayor should discuss with the people. We want GOVERNMENT BY THE PEOPLE, instead of by bosses, through commission.

The awful condition of affairs under O'Meara's System now well known to the entire public of Boston because the facts have been published in all the newspapers, is something that every citizen wants to know more about.

And he WANTS TO KNOW what the candidates for Governor and for Mayor are going to do to help restore the police department to its rightful place. Agitation of this subject by the candidates will undoubtedly have a sobering and wholesome effect upon the violators of law in the police department and out of it.

Candidates for District-Attorney MUST BE PLEDGED to take up and place before the Grand Jury for investigation, the charges made by men and women of the violation of law by saloon and dive keepers and managers of notorious hotels; of the barter and sale of young women into white slavery; and of the clubbing to death of men in the streets.

And both candidates for District-Attorney MUST GO ON RECORD clearly and specifically as to how they will act and when they will act. For the District-Attorney has the remedy in his own hands. It is HIS DUTY to take up for instant investigation by a Grand Jury those police cases in which notorious violators of law continue their illegal operations. The District-Attorney and the Grand Jury can reach O'Meara. The Mayor cannot.

Neither Mr. Hill nor his opponent will be allowed to hide vaguely behind smooth words.

The platform for the candidates for District-Attorney to fight on is: RESTORE THE POLICE DEPARTMENT TO ITS PROPER BASIS OF LAW AND ORDER; ELIMINATE THE ONE MAN POWER; ERADICATE GRAFT AND DISHONESTY; AND PUNISH THOSE WHO ACT AS GO-BETWEENS FOR THE CRIMINALS AND THE POLICE DEPARTMENT.

THIS IS THE REAL BIG ISSUE OF THE CAMPAIGN!

HE JOINS THE VOLUNTEER FIRE FIGHTERS

We Have With Us To-night:—

Well, Just Take a Look Down the Line. No introduction Necessary

Of course you recognize them. They're all our old friends. They've been with us so long that there seems to be something human about them. Haven't you often wished you could know more about them and the artists who day after day portray their adventures?

There's Percy and Ferdie Hall-room! Great boys, they! If you've been following their varying social and financial disasters since they were getting their \$1 per on the ribbon counter, you've probably developed a large-sized bunch of sympathy for them. Then there's 'Father,' John Wiggins, manufacturer of Wiggins's Soap de Luxe for the Upper Ten. Doesn't your heart go out to him when his ambitious wife and daughters set up a howl over his latest good-natural blunder? IL A. MacGill is a sympathetic sort of chap, and when he draws a particularly touching fiasco for Father he is almost moved to tears to think that he should subject an object of his own creation to such humiliation. Sometimes for days and days he absolutely refuses to put Father in any more scrapes.

And MUTT! It's dollars to doughnuts you think Mutt is the candy kid for an A-No. 1 sport. You'd lend him money to back Little Joff against Johnny Hayes if he had a hunch that something would happen; now, wouldn't you? 'Bud' Fisher is so dead certain Mutt's hunches are bound to win that he is existing in an impoverished state only equalled by Mutt himself.

Now isn't there something mighty human about Bunk? He has his ups and downs, and he's subject to all the foibles to which mortals are kin. But that smile of his always gets back in place. His pals sometimes cut up rough on him, but he's a game little sport, is Bunk. By the way, haven't you often wondered what "Tad's" real name is? Well, that's a little secret. T. A. D. are his initials, you see, and as they stand for a good old Irish name you haven't any kick if he retains the rest for private use and sticks to "Tad."

A man once wrote to the editor of this paper, asking that the Monk series be discontinued. "My wife's getting too many tips from this Mr. Heppelco," he wrote. Yes, and probably a good many "Tightwad" have been joshed and "Grouches" ridiculed all because of Gus Mager's series of comics. Gus gets in such telling slaps that it was rumored around for a time that he got his inspiration from experience, but investigation proved this report without foundation.

And here we have old Diogenes, off with a businesslike look that bodes ill for the Honest Man. It's a safe Mutt hunch that you've got a good many laughs out of the adventures of this pair, and Mr. Dubb and Mr. Dough and their respective families. F. Oppen has invented so many old favorites during his career as a purveyor of fun that it is impossible to enumerate them all, but you'll find some of them in the SUNDAY AMERICAN.

Then there's James Swinnerton's Mr. Jack, that flirtatious young tiger who always has his eye out for the peaches and usually collects a lemon. Swinnerton devotes most of his time to the Sunday American's Comic Section, but when he does favor the evening edition with a Mr. Jack he puts over a laugh for its readers.

Probably you're wondering where Powers comes in. Well, he comes in around the top notch, you can bet. When T. E. Powers first came to Boston he went out and got lost in its crooked streets. Some New Englander thoughtlessly remarked that Boston's streets were one cowpath, and pronto T. E. P. began to draw cartoons of Boston's streets with a cow running through them. The Colonial Dance—or some other organization of indignant ones—got after him for knocking, and he forthwith invented his "Never Again" cartoons, and he's been lambasting public characters and swearing "Never Again" ever since.

It has long been a question as to which of these characters, which appear regularly in the Boston American, is the most popular. The editors of this paper were questioned regarding which they liked best, and each gave a different selection.

Which do YOU like best? Send in your answers to The Editor, Boston American, Boston.
